

Admissions Labels

PDC Healthcare’s expertise in labeling means that you don’t have to waste valuable time “experimenting” with products that might not work for your application. We offer thousands of stock pre-printed and print-on-demand Admissions Labels to choose from. If we don’t stock it, custom labels can be created to meet your exact specifications.

General Purpose Admission Labels for patient identification, addressograph, and other plate name imprinters are stocked and available in two blank white paper stocks – a smudge-proof litho for clean flat surfaces and a flexo stock for curved, irregular surfaces. Color-tinted ID labels or those with a permanent adhesive are available on a custom basis.

File Label Solutions can be purchased in a product mix, depending on your specific facility’s needs. We carry a variety of Alpha Labels, Numeric Labels, Date Labels, Correction Tape, Correction Labels, and more.

Patient Sign-In Sheets help you securely record your facility’s traffic.

Admission Labels help healthcare organizations meet applicable patient safety regulatory guidelines, including:

- **The Joint Commission National Patient Safety Goals:** Identify Patients Correctly, Improve Staff Communication, Use Medicines Safely, Prevent Infection, Identify Patient Safety Risks, and Prevent Mistakes in Surgery.

General Purpose Admissions Labels

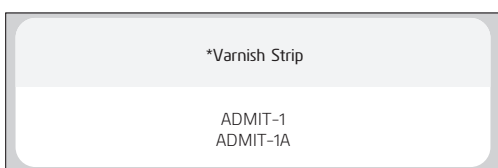

Patient Identification Labels for addressograph and other patient name plate imprinters are stocked and available in two blank white paper stocks – a smudgeproof litho for clean flat surfaces and a flexo stock for curved, irregular surfaces. Both have a removable adhesive and perforations between each label. Color-tinted ID labels or those with a permanent adhesive are available on a custom basis.

Color Code Labels – Product Mix

Please keep in mind that this is just a sample product mix. The full product line can be found online at www.pdchealthcare.com.

ALPHA LABELS

1 Alphabetical Labeling System

Ideal for less than 15,000 patient charts. Files by the individual's last name with no additional cross-referencing.

Pros – Easiest to use since all records are filed by patient's last name.

59702631

59702632

59702633

NUMERIC LABELS

2 Straight Numeric Numbering System

Ideal for fewer than 10,000 patient charts. Files in sequential order starting from the lowest to highest number.

Pros – Arranged from lowest to highest number – provides easy way to retrieve records that are assigned in consecutive order.

3 Terminal Digit Numbering System

Ideal for approximately 100,000-200,000 patient charts. Files in groups of like numbers segmenting the original number into smaller groups of 100.

Pros – Activity is equally allocated throughout the system. This eliminates concentrated activity and provides equal expansion and reduction (purging) within the system.

Patient Sign-In Sheet with Duplicate

The sheet allows for clear and easy sign-in without the risk of stolen patient data. The sheets are HIPAA compliant as patient information is transferred to duplicate copy, hidden from other patients to see. Sign in sheets allow patients to maintain confidentiality.

- 20 lines per sheet
- 8-1/2" x 11" with duplicate
- 125 per pack

Custom imprinting available.
Call (800) 435-4242 for details.
