Central Service Labels

PDC Healthcare provides an extensive selection of Central Service Labels that communicate important messages among caregivers and staff. Choose from thousands of stock, pre-printed Central Service Labels that communicate pertinent information to identify sterile items, expiration dates, and much more.

PDC Healthcare offers a wide variety of patient charge labels for use with laser, EDP, and thermal printers. Our Keystone Labeling System, which is a stand-alone label printing solution, is the perfect complement to our thermal labels.

Central Service Labels help healthcare organizations meet applicable patient safety regulatory guidelines, including:

- **The Joint Commission National Patient Safety Goals:** Identify Patients Correctly, Improve Staff Communication, Use Medicines Safely, Prevent Infection, Identify Patient Safety Risks, and Prevent Mistakes in Surgery.

Keystone™ Labeling System

Stand-alone, On-demand Label Printing
- Facilitates label printing for patient charging and product indentification
- Not dependent on IS system – labels can still be printed during an IT system failure and do not require a dedicated computer

Simple Plug & Play
- Pre-loaded with label templates and labels

Small Footprint
- Ultra compact keyboard and heavy-duty industrial printer

**Large Memory Capacity**
- Supports up to 10,000 unique label records

Flexibility
- Supports multiple bar code formats, including 1-Dimentional (Code 39, Code 128) and 2-Dimentional (Datamatrix/PDF 417)

DPSTH-PCC

Our patient charge cards are 100# paper cards for piggyback labels. We carry a large selection of piggback labels.
See pages 88–93.

Piggyback labels are used whenever a label must be applied to one surface and re-applied to another surface. The two-ply construction has a bottom label, which adheres to the chargeable item, and a top label that can be removed from the bottom label and transferred to the patient's charge card.

Piggyback Label Example
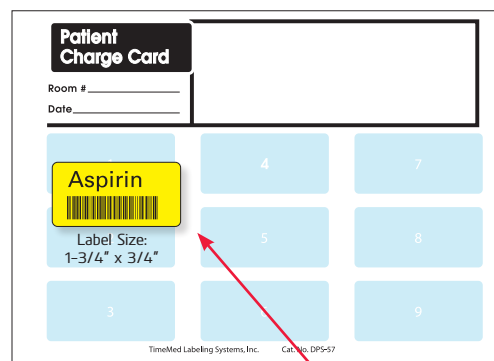

CS-2® Hand-Held Labeling System

The CS-2® Labeling System has been designed primarily for labeling any items in Central Service/Sterile that need to be autoclaved. It is also great for labeling in Dietary, Pharmacy and Laboratory.

With the lightweight CS-2® labeler, you can print two lines of information with up to eight characters per line. The available characters include two Gregorian dates for expiration and autoclave dating with additional bands for load and sterilizer numbers. The CS-2® System single ply labels are available with a specially developed autoclavable adhesive in a variety of colors and styles.

## TXII™ Hand-Held Labeling System

Ergonomically designed to offer optimum ease of operation, the TXII™ Hand-Held Labeling System allows you to easily date and code items in the Laboratory, Central Service, Warehouse and Pharmacy departments, or wherever a dating or coding system is required.

The TXII™ device's rugged, high-impact plastic provides for exceptional ease of handling and consistent printing on all labels. The TXII™ system provides you with:

- Imprinted labels that display one line of information
- 10 digit dial-in capabilities, including Gregorian dating or large numbers
- Labels in a variety of colors, construction and adhesives
