NEW!

A Fresh Approach to Cold Therapy

Spee-D-Cool™ Gel Pad with Removable Sleeves

Our new heart-shaped gel pads with sleeves offer a fresh cover as needed during patient recovery. Removable sleeves prolong the use of gel pads.

Spee-D-Cool™ gel pads with sleeves offer the same functionality as our original gel pads, with the added benefit of extended reusability. Gel pads can be placed within a soft brushed fabric sleeve, eliminating the shock of initial contact. Plastic gel pads can be easily cleaned with soap and water. Each gel pad comes with 2 fabric sleeves, one of each design.

Rapid Relief® Instant Cold Pack

Unlike other instant cold packs, Rapid Relief® Gentle Touch™ technology allows you to place the cold pack directly against the skin without the need for a wrap or towel.

- Gentle Touch™ technology — direct to skin application
- Soft and comfortable; ideal for sensitive skin
- FTP technology — easy activation-simply fold in half
- Convenient and portable — for use anywhere at any time
- Instantly achieves 35° F —when activated at room temperature

Tropical Design

Ensure your patients have a positive experience while marketing your facility.

SCP–P60
4" Quadrant
24 / Box

Soft and pliable even when frozen.

- Its soft rounded edge conforms naturally to a woman's anatomy
- Provides 30 minutes of soothing cold therapy
- The soft brushed fabric surface acts as a thermal buffer to eliminate the shock of initial contact — no need to protect the skin with a thick gauze pad
- Slim design allows pad to be worn under clothing without being noticed
- 3" circle includes latex-free adhesive strips for secure positioning
- Available in 2 sizes; 4" quadrant also available in tropical design and with custom imprint
- Latex-free
