

Operating Room/Surgery Labels & Accessories

PDC Healthcare offers a full range of products for the Operating Room and Surgery, including Sterile Labeling Kits, which help prevent operating room errors. Our Sterile Medication Label Kits, and Marking Pens are packaged and sterilized according to FDA standards.

We also provide stock pre-printed labels for common surgical procedures. For less frequent operations, choose from an array of custom labels with your choice of color, text, size, and number of labels per sheet.

Operating Room/Surgery Sterile Labels & Accessories help healthcare organizations meet applicable patient safety regulatory guidelines, including:

- **The Joint Commission National Patient Safety Goals:** Identify Patients Correctly, Improve Staff Communication, Use Medicines Safely, Prevent Infection, Identify Patient Safety Risks, and Prevent Mistakes in Surgery.
- **Five Rights of Patient Safety:** to ensure right patient, medication, dose, time, and method.
