Veterans Affairs (VA) Department of Defense (DOD) Indian Health Service (IHS) — Government Labels

PDC Healthcare leads the way as the #1 choice of Pharmacy label solutions nationwide! We specialize in designing custom labeling solutions to meet your specific workflow software and branding requirements. As the pharmacy automation movement transforms the needs of many pharmacies, PDC Healthcare is innovating new labeling solutions that support automated processes, such as thermal printing, laser printing, bar coding, robotics and more!

No matter what type of pharmacy you operate, we have your pharmacy labeling needs covered!

Government Labels help healthcare organizations meet applicable patient safety regulatory guidelines, including:

- **The Joint Commission National Patient Safety Goals:** Identify Patients Correctly, Improve Staff Communication, Use Medicines Safely, Prevent Infection, Identify Patient Safety Risks, and Prevent Mistakes in Surgery.

- **Centers for Medicare & Medicaid Services (CMS):** Stage 2 meaningful use requirements to use assistive technologies with eMAR.

- **Health Insurance Portability and Accountability Act (HIPAA):** to protect patients' medical records and other health information.

- **American Health Association (AHA):** to prevent the chance of lost or transferred data.

- **Five Rights of Patient Safety:** to ensure right patient, medication, dose, time, and method.
Table of Contents

We have solutions for your Pharmacy Robotic needs!

Pharmex® works with the top automated pharmacy dispensing systems to provide both stock and custom direct thermal prescription labels. These labels are designed specifically for robotic prescription dispensing systems. New labels, same company – providing the same reliability and quality you have come to trust. Robotics are the future of the pharmacy industry, and Pharmex® is already ahead of the pack in providing quality direct thermal labels that are compatible with the most popular dispensing machines.

VA Patient Centric Prescription Labels for your ScriptPro® Equipment

The VA Patient Centric Prescription Label helps improve patient safety as critical information is displayed in more prominent locations on the label. Information such as patient's name, instructions, medication name/strength, and prescription number are relocated.

Specifications:
- Label Size: 2" x 4"
- Permanent adhesive on labels creates secure bond
- Labels per Roll: 1,250

- Number of Rolls per Case: 6
- Number of Alcohol Swabs: 12
- Number of Cleaning Wipes: 2

C2Rx PLUS
Direct thermal label

that protects the integrity of vital prescription information against the potentially damaging effects of exposure to sunlight, hand sanitizers, alcohol, fading and more.

Protects presciption label!

Minimizes risk of fading, smearing and darkening of direct thermal prescription labels as a result of exposure to:
· Heat and moisture   · Sunlight
· Hand soaps/sanitizers · Alcohol
· Common household products

Maintain & build a positive brand image!

· Improves the quality of the imprint long after the prescription leaves the pharmacy

· Provides a professional marketing image label versus your competitor's basic and susceptible Rx label

VA/DOD/IHS — GOVENRNMENT LABELS

## FlickAway® PharmeXcripT® Laser Sheets

PharmeXcripT® Forms feature the patented FlickAway® Technology. This allows the pharmacist to peel off the vial label and warning labels at one time, easily "flicking away" those warning labels that are not needed.

These DOD approved DAPA stock forms are available ONLY through Pharmex®. Any of these forms can be customized with your information and logo.
