

Visitor Pass Badges

To meet safety guidelines, it's important that patients, staff, and visitors be positively identified at all times. To help hospitals achieve this measure of positive identification, PDC Healthcare provides a wide selection of Visitor Passes including Label Badges, Card Badges, Expiring Passes, and Visitor Wristbands. Choose from pre-printed and custom Visitor Passes in an assortment of styles and color codes to signify days of the week, hospital floors, high-security areas, and more.

PDC Healthcare now offers Expiring Visitor Badges to help hospital staff easily identify visitors who have exceeded their allotted visiting hours. One day after activation, red lines appear on the badge, which signify the badge's expiration.

PDC Healthcare's Visitor Passes meet the Joint Commission's standard for hospital safety and security risks by identifying individuals entering a medical facility.

Visitor Pass Badges help healthcare organizations meet applicable patient safety guidelines, including:

The Joint Commission Environment of care:
EC.02.01.01 "The hospital manages safety and security risks."

Elements of Performance 7: The hospital identifies individuals entering its facilities.
