

VISITOR MANAGEMENT SOLUTIONS

Improve Security and
Peace of Mind

CREATE A SAFER HOSPITAL CAMPUS

Visitor identification and management are vital to the safety of a healthcare organization's staff, patients and visitors. **Assaults against healthcare workers rose 44% from 2015 to 2018.*** Identifying visitors is a key component to violence prevention.

PDC PROVIDES A FULL RANGE OF VISITOR MANAGEMENT PRODUCTS TO HELP YOU:

-  Increase Security
-  Provide Peace of Mind
-  Meet Joint Commission Standards (EC.02.01.01)
-  Integrate Watch Lists
-  Enable Contact Tracing
-  Increase Staff Productivity
-  Drive Positive Reviews

WHY CHOOSE PDC

With over 60 years of experience, our visitor badges, software, and printers provide a convenient and customizable safeguard for your people and property. Our solutions enable you to record who is on your premises while also providing a professional, pleasant experience for your visitors.

**According to the 2019 Healthcare Crime Survey produced by the International Association for Healthcare Security and Safety Foundation (IAHSS Foundation) which reflects healthcare crime trends for 2012 - 2016 and 2018

MAXIMIZE SECURITY WITH THE MOST VIBRANT TIME EXPIRING CREDENTIALS

TEMPbadge® visitor badges and ExpireBand™ visitor wristbands provide an extra level of security by preventing re-use with a highly visible "VOID" message or bright bars that display once expired. Make it easy for your staff to see who is authorized to be on campus.

TEMPbadge®

**2X MORE VIBRANT

NEW ExpireBand™
Product Number T8050

NEW EXPIREBAND™ IS THE MOST SECURE & CONVENIENT WAY TO IDENTIFY VISITORS

ExpireBand™ Thermal Visitor Wristband

Product Number T8050

This patented PDC product brings expiring ink technology to a wristband for the first time.

NON-TRANSFERABLE: Remains securely attached to visitor for duration of visit

ULTIMATE CONVENIENCE: Comfortable, secure, and won't end up stuck to your floors or walls

ACCESS CONTROL COMPATIBLE: Use barcodes to scan for access to authorized areas

THERMAL PRINTABLE: Compatible with PDC Certis® and other leading direct thermal printers

Dimensions: 9 3/4" x 1"

QUICK & EASY ONE-PIECE

Tabbed 1-Day Expiring Visitor Badges - Adhesive Back

Product Number T2050

SINGLE-PIECE: Simply fold the large tab to activate

EASY-TO-APPLY: The adhesive back makes it easy to attach this badge to the wearer — no clips required

EXPIRING: After a full-day's use, a large "VOID" will appear on the badge, clearly indicating a guest's time is up and preventing badge reuse

THERMAL PRINTABLE: Quickly add a guest's name, the date and other important information

Dimensions: 2-5/8" x 2-13/16"

TWO PIECES FOR MIX & MATCH VERSATILITY

Clip-On Expiring Visitor Badges

Badge back and front

COLOR-CODE: Identify visitor categories or match the color to your brand

DESIGNATION: Choose from "Visitor," "Contractor," "Vendor," and "Temporary" titles

CONVENIENT: Slotted to attach a badge reel, lanyard or clip

VERSATILE: Satisfy your organization's specific needs with multiple mix and match options

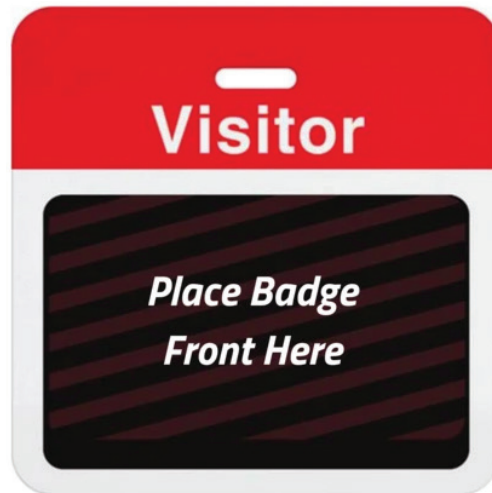

EXPIRING: After a 1-day or 7-Day use, a red bar pattern will appear on the badge, clearly indicating a guest's time is up to prevent badge reuse

BADGE FRONT OPTIONS

Badge Front
Dimensions: 1 15/16" L x 2 7/8" H

BADGE BACK OPTIONS

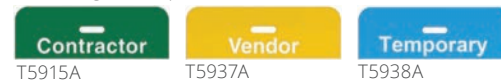

Clip on Expiring Visitor Badge Back T5913A
Dimensions: 3" x 3"

SCREENING AND REPORTING FOR A SECURE CAMPUS

Healthcare Visitor Management System

Changes to visitor policies during the pandemic have served as a catalyst for installing new, more effective policies and security measures.

PassagePoint is a flexible, easy to implement, and complete visitor management system. It includes HL-7 integration and will ensure HIPAA compliance.

Cross reference visitors against patient-specific or national watch lists, such as the sex offender registry

Interface with Epic, Cerner, MediTech and more in accordance with HIPAA regulations

Screen visitors with COVID-19 questions and a temperature scan

Save resources by pre-screening visitors and using self-registration workstations

Enable contact tracing with detailed, automated reports

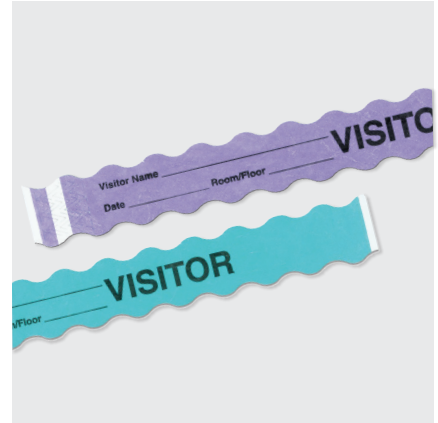

A FULL SUITE OF VISITOR ID PRODUCTS

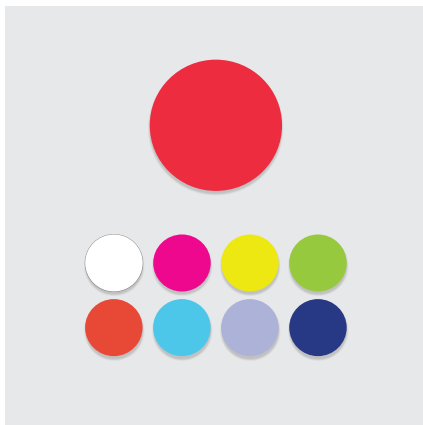

Economical, Thermal Printable Non-Expiring Badges

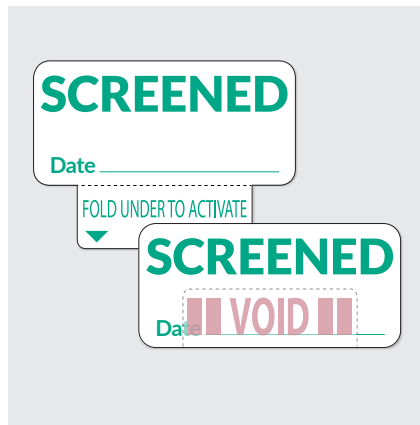

Pre-Printed Visitor Passes

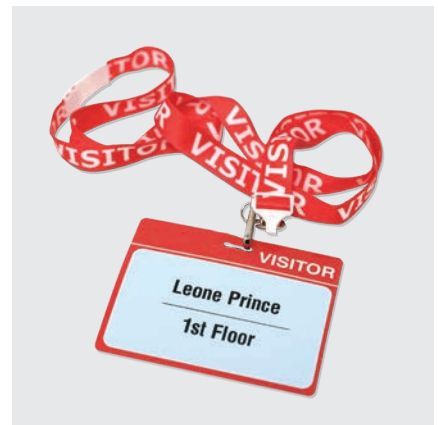

Pre-Printed Visitor Wristbands

Color Coded Labels for Screening

Expiring Labels for Screening
