

Identification Products & Safety Solutions

Achieve Worry-Free Identification Workflows

Your organization deserves reliable identification that keeps your workflows running smoothly. Our high-quality ID solutions make clinicians' jobs easier, so they can focus on patient care.

- Medical-grade labels and wristbands, identification badges, software, printers, and barcode readers
- Identify people and things to improve efficiency, reduce errors, and comply with regulatory requirements
- PDC products are used by 90% of US hospitals
- Direct manufacturer with comprehensive customization options to satisfy your unique needs
- Contracted by the leading GPOs
